

EFFICIENT HANDLING. SAFER OPERATIONS.

MAKE MINING EASIER  WE MAKE MINING EASIER  WE MAKE MINING EASIER  WE MAKE MINING EASIER  WE MAKE MINING EASIER

Specialised equipment for the safe loading, transfer and management of bulk explosive materials.

Key Capabilities

- Efficient, high-volume material transfer and blending support
- Configurable to meet site-specific operational and safety requirements (e.g. Breathsafe systems)
- Fully compliant with AEISG and site safety standards

Applications

- Loading and handling of bulk AN/ANE materials
- Support for MPU and explosives production operations
- Material blending and bulk transfer management

Specifications

Equipment	Description	Output / Capacity
Loading Auger	10-inch diesel-powered unit with removable large feed hopper and bag spike	High-volume loading
Wilden Pumps (Twin 3-inch)	Skid-mounted, compressed-air operation	300 kg/min output
Front-End Loaders	JCB 426 (large), JCB 411 (small)	-
Forklifts	Clark C60D	Rated for 60t, lifts 1 bag per fork (2 bags per lift)
